## Announcing... Navigating Clinical Trials

### Course Description:

This interactive course will provide attendees an overview of the drug/biologic approval process, and the regulations that govern IND studies. Topics will target clinical trial design and selection of contract research organizations. Instructors are experts in the field. Networking and job placement opportunities will also be provided to enhance the science of product translation in the region.

**Location:** Medical Center of the Rockies  
Main Conference Room, West Entrance  
Loveland, CO 80538

**Date:** Wednesday, October 7, 2009

**Duration:** 4 hours

**Time:** CBSA Sponsored Networking Event: 3-5 p.m.  
Course: 5-9 p.m. (Registration starts at 4 p.m.);  
Dinner buffet included

**Cost:** CBSA Sponsored Networking Event: Free  
Course:  
Student: \$45.00\*  
Faculty: \$75.00

Industry Professional: \$100.00  
\*See your University Department for potential scholarship opportunities.

### Who Should Attend?

**Academic professionals and clinicians** interested in product translation and clinical trial design.

**Industry professionals** seeking to advance their understanding of clinical trial design, selecting a contract research organization, and network with researchers interested in bringing their innovations to market.

**Students** interested in broadening their knowledge base and/or employment in the fields of veterinary medicine, biochemistry, biomedical engineering, and the pharmaceutical industry.

### Instructors:

**Judy Stone, M.D.**, Infectious Disease Clinical Trial Specialist and author of "Conducting Clinical Research – A Practical Guide for Physicians, Nurses, Study Coordinators, and Investigators," Cumberland, Maryland

**Liz Ortolano, RN, BSN, CCRA, CCRC**, Clinical Team Manager, PRA International, Loveland, Colorado

**Julia Barrett, M.D., MPH**, Senior Clinical Consultant, Biologics Consulting Group, Inc., Denver, Colorado
